# Special Care for Urinary Care

KitchenFlavor urinary care has an **EXCLUSIVE FORMULA** that maintains a **HEALTHY URINE CONCENTRATION** by balancing and conditioning their body **USING NATURAL HERBS** at the same time combine with mineral to regulate urinary pH.

Pet food plays an important part to manage these issues, it can **REDUCE THE FREQUENCY OF RECURRENCE** by providing the best from nature.

**URINARY ISSUES** in cats are often **LIFELONG ISSUES** that requires **LONG TERM CARE**. Urinary issues are painful for cats because they usually suffer in silence, it's important for pet owner to prevent this condition.

The two most common ways to prevent urinary tract diseases are increase cat's water intake and consume a suitable cat food that can help **TO MAINTAIN THE URINARY TRACT CONDITION**.

### **CHICKEN**

Delicious and rich in high-quality protein.

### **BLUEBERRY**

High antioxidants that can reduce inflammation.

### **SALMON**

Rich in omega-3 and omega-6 unsaturated fatty acids.

### **CRANBERRY**

Natural acidity can help cat to regulate the pH of urine and stop recurrence.

Diuresis and promote the excretion of water, sodium chloride, urea, and uric acid, also strengthen kidney function.

# **PORIA + PLANTAGO SEEDS**

# Holistic Nutrition Support

## Urinary Tract System

Addition of plantago seed and poria help increase urinary output and reduce uric acid concentration.

## Digestive Care

Chicken is high-quality protein, help digestion and protect the stomach.

## Maintain Urine pH

Use acidification technology control urine pH and take care of urinary tract.

**NUTRITION for  
URINARY CARE**

# PRODUCT INFORMATION

**Product Name** KitchenFlavor Special Care Urinary Care Complete Food for Adult Cat

**Product Specs** 1.5KG/8KG

**Suitable for** for Adult Cat

(Cl-)  $\geq$  0.3%, Taurine  $\geq$  0.2%.

# SPECIAL CARE

# Instructions (Feed to dog only)

## (1) Feeding guide(grams /day)

Weight	Normal Activity	High Activity
2-3KG	50-55	60-65
3-4KG	60-70	70-80
4-5KG	75-85	85-95
5-6KG	90-100	100-110
>6KG	105-115	115-125

Recommended daily feeding amount is for reference only. Please feed your pet according to its body condition and activity level.

## Recommended Feeding Method

- Feed it as recommended daily feeding amount, let the cat eat freely.
- It provides complete and balanced nutrition for your cat.
- Feeding amount will vary, depending on your cats health, age, activity level, season and environment.
- Fresh water should be available for your cat at all times.

## Recommended Transition Method

Switching to new pet food is sensitive to digestive tract of cat. A smooth transition method can adjust the enzymes in cat's digestive tract naturally. And it is easier to digest and absorb the new food and its nutritional composition.

To enable a smooth transition to new food, please mix new product with old product gradually increasing the amount of new product over a period of 7 days until only new product is fed.

## Attentions

The product is forbidden to feed ruminant. If you find a problem with the quality of this product, please do not feed to your pet. Return the product with receipt to your shop for replacement. The color of some agricultural materials are slightly different due to seasonal changes, thus also the product color changes. The product is safe to fed and the quality is assured.

## Storage

Always store in a dry and ventilated place, away from direct sunlight and moisture. Please make sure that the package is intact and before the expiration date, when you purchase and feed it. Always re-seal the opened bag to preserve freshness and keep food tasty.

## BRAND STORY

“**Happy Eating**” is the original intention behind our brand and the culinary atmosphere we have always maintained for pets and pet owners. KitchenFlavor passionately embody this philosophy by meticulously crafting every meal to be a delightful feast, with visible real meat cubes and vegetable kibbles.

From wilderness to forest, from grassland to deep sea. KitchenFlavor never stops the quest for delicacy. Pure, Nature, Delicious, Juicy, Nutritious, Healthy. There's always proper food from KitchenFlavor natural recipe for your furry companions.

What is your pet's **Favorite Flavor**?
